

Regulatory Update

Approval of R&TT equipment no longer required - Croatia

From 1st March 2012, products meeting the requirements of the R&TTE Directive in Europe can be placed on the Market in Croatia without any further type approval activity.

The Croatian Authority, HAKOM, have introduced a new Ordinance (OG 25/2012), bringing it fully in line with Directive 1999/5/EC.

No further Approvals will be issued by HAKOM, and all existing applications for Approval have now been stopped.
