

Regulatory Alert - Brazil

ANATEL Resolution 680 to replace Resolution 506

On the 27th June, ANATEL confirmed they will be replacing Resolution 506/2008 with the new Resolution 680/2017 within 60 days from its initial approval. The Resolution is for Restricted Radiation Radio Communication Equipment and covers technologies such as Wi-Fi, Bluetooth and RFID. At this stage, details of the changes made from Res 506 to Res 680 have not been confirmed, however PCS will continue to monitor the situation and provide more details in due course.
