

Regulatory Alert – Israel

Israel Regulators MoC and SII closed for business for Jewish New Year

Israeli RF and Safety Regulators, Ministry of Communications (MoC) and the Standards Institution of Israel (SII), have recently confirmed that they will be closing between 15th September and 15th October 2017 during the upcoming Jewish New Year.

During this period, no Type Approval applications will be able to be submitted to either MoC or SII, and delays will be incurred for all Applications currently under review.
